**MILESTONE SCIENTIFIC INC.  
PROXY STATEMENT**

**For Annual Meeting of Stockholders  
To be Held on June 11, 2021**

Proxies in the form enclosed with this statement are solicited by the Board of Directors (the “Board”) of Milestone Scientific Inc. (“we”, “us”, “our”, the “Company” or “Milestone Scientific”) to be used at the Annual Meeting of Stockholders (the “Annual Meeting”) and any adjournments thereof, to be held on a virtual basis due to the COVID-19 Pandemic on June 11, 2021 at 9:00 a.m., Eastern Time, for the purposes set forth in the Notice of Meeting and this Proxy Statement. The Board knows of no other business which will come before the Annual Meeting. This Proxy Statement and the accompanying proxy are being mailed to stockholders on or about April 30, 2021.

**THE VOTING AND VOTE REQUIRED**

**Record Date and Quorum**

Only stockholders of record at the close of business on April 14, 2021 (the “Record Date”) are entitled to notice of and vote at the Annual Meeting. On the Record Date, there were 66,558,550 outstanding shares of common stock, par value \$.001 per share (“Common Stock”). Each share of Common Stock is entitled to one vote. Shares represented by each properly executed, unrevoked proxy received in time for the Annual Meeting will be voted as specified. A quorum will be present at the Annual Meeting if stockholders owning not less than one-third of the shares issued and outstanding on the Record Date are present at the meeting in person or by proxy.

**Voting of Proxies**

The persons acting as proxies pursuant to the enclosed proxy will vote the shares represented as directed in the signed proxy. Unless otherwise directed in the proxy, the proxyholders will vote the shares represented by the proxy: (i) for the election of the six (6) director nominees named in this Proxy Statement; (ii) for the approval to amend the Company’s Restated Certificate of Incorporation increasing the number of authorized shares of Common Stock from 85,000,000 shares to 100,000,000 shares; (iii) for the approval to increase the number of shares of Common Stock issuable under the Company’s 2020 Equity Incentive Plan from 2,000,000 shares to 4,000,000 shares; (iv) for the ratification of the appointment of Friedman LLP as the Milestone Scientific’s independent auditors for the fiscal year ending December 31, 2021; and (v) in the proxyholders’ discretion, on any other business that may come before the Annual Meeting and any adjournments thereof.

All votes will be tabulated by the Inspector of Elections appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions, and broker non-votes. Under Milestone Scientific’s Bylaws and Delaware law: (1) shares represented by proxies that reflect abstentions or “broker non-votes” (i.e., shares held by a broker or nominee that are represented at the Annual Meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum; (2) there is no cumulative voting, and the director nominees receiving the highest number of votes, up to the number of directors to be elected, are elected and, accordingly, abstentions, broker non-votes and withholding of authority to vote will not affect the election of directors; (3) proxies that reflect abstentions will be treated as voted for purposes of determining approval of that proposal and will be counted as votes against that proposal; and (4) proxies that reflect broker non-votes will be treated as not voted for purposes of determining approval of that proposal and may, in some circumstances, be counted as votes against that proposal.

---

## Voting Requirements

**Election of Directors.** The election of the director nominees will require a plurality of the votes cast on the matter at the Annual Meeting. With respect to the election of directors, votes may be cast in favor of or withheld with respect to each nominee. Votes that are withheld will be excluded entirely from the vote and will have no effect on the outcome of the vote.

**Approval to Amend the Restated Certificate of Incorporation to increase the number of Authorized Shares of Common Stock from 85,000,000 to 100,000,000.**The affirmative vote of the majority of the shares issued and outstanding cast by stockholders entitled to vote at the Annual Meeting is required to approve this matter. An abstention will be treated as “present” for quorum purposes. Abstention's and broker non-votes will have the same effect as an against vote on the matter.

**Approval to Amend the 2020 Equity Incentive Plan to increase the number of shares of Common Stock issuable under the Plan from 2,000,000 to 4,000,000.**The affirmative vote of the majority of the votes cast at the Annual Meeting by stockholders entitled to vote at the Annual Meeting is required to approve this matter. An abstention will be treated as “present” for quorum purposes. Abstention's will have the same effect as an against vote on the matter and broker non-votes will have no effect on the matter.

**Ratification of the appointment of Independent Auditors.** The affirmative vote of a majority of the votes cast at the Annual Meeting by stockholders entitled to vote at the Annual Meeting is required to approve this matter. An abstention will be treated as “present” for quorum purposes. Abstention's will have the same effect as an against vote on the matter and broker non-votes will have no effect on the matter.

**Revocability of Proxy.** A proxy may be revoked by the stockholder giving the proxy at any time before it is voted by delivering oral or written notice to the Corporate Secretary of Milestone Scientific at or prior to the Annual Meeting, and a prior proxy is automatically revoked by a stockholder giving a subsequent proxy or attending and voting at the Annual Meeting. Attendance at the Annual Meeting in and of itself does not revoke a prior proxy.

**Expenses of Solicitation.** Milestone Scientific will pay the expenses of the preparation of proxy materials and the solicitation of proxies for the Annual Meeting. In addition to the solicitation of proxies by mail, solicitation may be made by certain directors, officers, or employees of Milestone Scientific telephonically, electronically or by other means of communication. ## **Board Leadership Structure**

The Board believes that the segregation of the roles of Board Chairman and the Chief Executive Officer ensures better overall governance of the Company and provides meaningful checks and balances regarding its overall performance. This structure allows our Chief Executive Officer to focus on developing and implementing the Company's business plans and supervising the Company's day-to-day business operations and allows our Chairman to lead the Board in its oversight and advisory roles. Because of the many responsibilities of the Board and the significant time and effort required by each of the Chairman and the Chief Executive Officer to perform their respective duties, the Company believes that having separate persons in these roles enhances the ability of each to discharge those duties effectively and enhances the Company's prospects for success. The Company also believes that having separate positions provides a clear delineation of responsibilities for each position and fosters greater accountability of management. For the foregoing reasons, the Board has determined that its leadership structure is appropriate and in the best interest of stockholders.

## **The Board's Oversight of Risk Management**

The Board recognizes that companies face a variety of risks, including credit risk, liquidity risk, strategic risk, and operational risk. The Board believes an effective risk management system will (1) timely identify the material risks that we face; (2) communicate necessary information with respect to material risks to senior executives and, as appropriate, to the Board or relevant Board committee; (3) implement appropriate and responsive risk management strategies consistent with the Company's risk profile; and (4) integrate risk management into the Company's decision-making. The Board encourages, and management promotes a corporate culture that incorporates risk management into the Company's corporate strategy and day-to-day business operations. The Board also continually works, with the input of management and executive officers, to assess and analyze the most likely areas of future risk for the Company.

## **Committees of the Board**

The Board has standing audit, compensation, and nominating committees (respectively, the "Audit Committee," the "Compensation Committee," and the "Nominating Committee.")

---

### **Attendance at Committee and Board Meetings**

In 2020, the Board held a total of five meetings and acted by written consent seventeen times, the Audit Committee held a total of four meetings, the Compensation Committee held a total of five meetings, and the Nominating Committee held no meetings in 2020. Each of our directors attended at least 80% of the Board meetings and all the meetings of the committees of the Board on which he or she served. It is our policy to invite and encourage all the directors to attend the Annual Meeting. All our directors attended our annual meeting of stockholders in 2020.

### **Compensation Committee**

The Compensation Committee reviews and recommends to the Board the compensation and benefits of all officers of the Company, reviews general policy matters relating to compensation and benefits of employees of the Company and administers the issuance of stock options to the Company's officers, employees, directors, and consultants. The Compensation Committee is comprised of four members, Leslie Bernhard, Leonard M. Schiller (Chairman), Neal Goldman and Michael McGeehan. A copy of the Compensation Committee Charter has been posted on our website at [www.milestonescientific.com](http://www.milestonescientific.com).

### **Audit Committee**

The Audit Committee meets with management and the Company's independent accountants to determine the adequacy of internal controls and other financial reporting matters. The Audit Committee's purpose is to: (A) assist the Board in its oversight of: (i) the integrity of our financial statements; (ii) our compliance with legal and regulatory requirements; (iii) our independent auditors' qualifications and independence; (iv) the performance of our internal audit function and independent auditors to decide whether to appoint, retain or terminate our independent auditors; and (v) the preparation of our Annual Report on Form 10-K for the fiscal year ended December 31, 2020 (the "Annual Report"); and (B) to pre-approve all audit, audit-related and other services, if any, to be provided by the independent auditors. The members of the Audit Committee are comprised of Leslie Bernhard (Chairman), Leonard M. Schiller and Michael McGeehan, all of whom are independent as defined in the listing standards of the NYSE American and Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). A copy of the Audit Committee Charter has been posted on our website at [www.milestonescientific.com](http://www.milestonescientific.com).

### **Audit Committee Financial Expert**

The Board has determined that Leslie Bernhard is an "audit committee financial expert," as that term is defined in Item 407(d)(5) of Regulation S-K, and "independent" for purposes of the listing standards of the NYSE American and Section 10A(m)(3) of the Exchange Act.

### **Nominating Committee**

The Nominating Committee identifies potential director nominees and evaluates their suitability to serve on the Board. Based on its evaluation, it recommends to the Board the director nominees for Board membership. In addition, the Nominating Committee also evaluates each existing Board member's suitability for continued service as a director. The members of the Nominating Committee are Leonard M. Schiller, Leslie Bernhard, Michael McGeehan, and Neal Goldman. A copy of the Nominating Committee Charter has been posted on our website at [www.milestonescientific.com](http://www.milestonescientific.com).

The Nominating Committee believes that the minimum qualifications for service as a director of the Company are that a nominee possess an ability, as demonstrated by recognized success in his or her field, to make meaningful contributions to the Board's oversight of the business and affairs of the Company and an impeccable reputation of integrity and competence in his or her personal or professional activities. The Nominating Committee's criteria for evaluating potential candidates include the following: an understanding of the Company's business environment; and the possession of such knowledge, skills, expertise and diversity of experience so as to enhance the Board's ability to manage and direct the affairs and business of the Company including, when applicable, to enhance the ability of committees of the Board to fulfill their duties and/or satisfy any independence requirements imposed by law, regulation or listing requirements.

---

The Nominating Committee considers director candidates recommended by stockholders. In considering candidates submitted by stockholders, the Committee will take into consideration the needs of the Board and the qualifications of the candidate. The Nominating Committee may also take into consideration the number of shares held by the recommending stockholder and the length of time that such shares have been held. To have a candidate considered by the Nominating Committee, a stockholder must submit the recommendation in writing and must include the following information: the name of the stockholder and evidence of the person's ownership of Company stock, including the number of shares owned and the length of time of ownership; the name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company; and, the person's consent to be named as a director if selected by the Nominating Committee and nominated by the Board.

The Nominating Committee may also receive suggestions from current Board members, the Company's executive officers or other sources, which may be either unsolicited or in response to requests from the Nominating Committee for such candidates. The Nominating Committee also, from time to time, may engage firms that specialize in identifying director candidates.

Once a person has been identified by the Nominating Committee as a potential candidate, it may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Nominating Committee determines that the candidate warrants further consideration, the Chairman or another member of the Nominating Committee may contact the person. Generally, if the person expresses a willingness to be considered and to serve on the Board, the Nominating Committee may request information from the candidate, review the person's accomplishments and qualifications and may conduct one or more interviews with the candidate. The Nominating Committee may consider all such information considering information regarding any other candidates that it might be evaluating for membership on the Board. In certain instances, Nominating Committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments. The Nominating Committee's evaluation process does not vary based on whether a candidate is recommended by a stockholder, although, as stated above, the Board may take into consideration the number of shares held by the recommending stockholder and the length of time that such shares have been held.

#### **Director Independence**

The Board has determined that Leslie Bernhard, Leonard M. Schiller, Michael McGeehan, and Neal Goldman (the "Independent Directors") are independent, as that term is defined in the listing standards of the NYSE American. In determining director independence, the Board also considered all equity awards, if any, to the Independent Directors for the year ended December 31, 2020, disclosed in "Director Compensation" below, and determined that such awards were compensation for services rendered to the Board and therefore did not impact their ability to continue to serve as Independent Directors.

---

## Stockholder Communication with the Board

The Board has established a process to receive communications from stockholders. Stockholders and other interested parties may contact any member (or all members) of the Board, or the non-management directors as a group, any Board committee, or any chair of any such committee by mail or electronically. To communicate with the Board, any individual director or any group or committee of directors, correspondence should be addressed to the Board or any such individual directors or group or committee of directors by either name or title. All communications received as set forth in the preceding paragraph will be opened by the Corporate Secretary of the Company for the sole purpose of determining whether the contents represent a message to our directors. Any contents that are not in the nature of advertising, promotions of a product or service, patently offensive material or matters deemed inappropriate for the Board will be forwarded promptly to the addressee. In the case of communications to the Board or any group or committee of directors, the Company's Corporate Secretary will make sufficient copies of the contents to send to each director who is a member of the group or committee to which the envelope is addressed.

### **Employment Contracts**

In July 2017, Milestone Scientific entered into a ten-year employment agreement with Leonard Osser, who previously served as the Company's President and Chief Executive Officer, to serve as Managing Director – China Operations. This agreement (the "China Operations Agreement") provides for annual compensation of \$300,000 consisting of \$100,000 in cash and \$200,000 in the Company's common stock valued at the average closing price of the Company's common stock on the NYSE or such other market or exchange on which its shares are then traded during the first fifteen (15) trading days of the last full calendar month of each year during the term of this agreement. This agreement supersedes all prior employment agreements between Mr. Osser and Milestone Scientific. If the Company terminates Mr. Osser's employment "Without Cause," other than due to his death or disability, or if Mr. Osser terminates his employment for "Good Reason" (both as defined in the agreement), Mr. Osser is entitled to be paid in one lump sum payment, as soon as practicable following such termination, an amount equal to the aggregate present value (as determined in accordance with Section 280G(d)(4) of the Code) of all compensation pursuant to this agreement from the effective date of termination thereunder through the remainder of the Employment Term.

---

In July 2017, Mr. Osser resigned from his positions of Chairman of the Board, Chief Executive Office and President of Milestone Medical. Upon his resignation, Milestone Medical entered in a consulting agreement with U.S. Asian Consulting Group LLC (the "Consulting Agreement"), an entity controlled by Mr. Osser, pursuant to which he will provide services to Milestone Medical for a ten- year term. Pursuant to the Consulting Agreement, U.S. Asian Consulting Group, LLC, is entitled to receive \$100,000 per year for Mr. Osser's services.

On December 19, 2017, the Board of Directors appointed Leonard Osser Interim Chief Executive Office, replacing Leslie Bernhard. Mr. Osser placed on hold his position as Managing Director-China Operations and his Consulting Agreement with Milestone Medical to rejoin Milestone Scientific as Interim Chief Executive Officer and will not receive or earn any compensation under those agreements until he is no longer Interim Chief Executive Officer. Mr. Osser, as Interim Chief Executive Officer, receives a base salary and may receive bonus determined by the Compensation Committee of Board of Directors.

As part of the Succession Plan of the Company, Leonard Osser, the Interim Chief Executive Officer of the Company, has agreed pursuant to an agreement dated April 6, 2021 (the "Succession Agreement") to restructure certain of the China Operations Agreement and Consulting Agreement, which provide for additional and broader executive support, and at such time as he elects to step down as Interim Chief Executive Officer of the Company, to become the Vice Chairman of the Board of Directors of the Company. This commitment is expected to be for at least five (5) years. Pursuant to the Succession Agreement, the compensation under the China Operations Agreement was modified to reduce the overall compensation by \$100,000 to \$200,000, split equally between a cash amount and an amount in shares, and the compensation under the Consulting Agreement was increased by \$100,000 to \$200,000, equally split between a cash amount and an amount in shares, which shares were formerly payable under the China Operations Agreement. In connection with his acceptance of the Vice Chairman position and in consideration of his services as a member of the Board and agreement to provide certain additional general consulting services, he was granted options to purchase 2,000,000 shares of common stock, exercisable at the fair market value of the common stock on the date of grant, vesting over the five-year period after he steps down as Chief Executive Officer of the Company or ten years from the date of grant, whichever shall end first.

#### **Objective of Executive Compensation Program**

The primary objective of the executive compensation program is to attract and retain qualified, energetic managers who are enthusiastic about the mission and culture of Milestone Scientific. A further objective of the compensation program is to provide incentives and reward each manager for their contribution. In addition, Milestone Scientific strives to promote an ownership mentality among key leadership and the Board of Directors.

The Compensation Committee reviews and approves, or in some cases recommends for the approval of the full Board of Directors, the annual compensation procedures for the Named Executive Officers.

The compensation program is designed to reward teamwork, as well as each manager's individual contribution. In measuring the Named Executive Officers' contribution, the Compensation Committee considers numerous factors including the growth, strategic business relationships and financial performance. Regarding most compensation matters, including executive and director compensation, management provides recommendations to the Compensation Committee; however, the Compensation Committee does not delegate any of its functions to others in setting compensation. Milestone Scientific does not currently engage any consultant to advise on executive and/or director compensation matters.

---

Stock price performance has not been a factor in determining annual compensation because the price of Milestone Scientific's common stock is subject to a variety of factors outside of Milestone Scientific's control. Milestone Scientific does not have an exact formula for allocating between cash and non-cash compensation.

Annual CEO Compensation consists of a base salary component and periodic stock option grants. It is the Compensation Committee's intention to set totals for the CEO for cash compensation sufficiently high enough to attract and retain a strong motivated leadership team, but not so high that it creates a negative perception with the other stakeholders. The CEO receives stock option grants under the stock option plan. The number of stock options granted to the executive officer is made on a discretionary rather than a formula basis by the Compensation Committee.

The CEO's current and prior compensation is considered in setting future compensation. To some extent, the compensation plan is based on the market and the companies that compete for executive management. The elements of the plan (e.g., base salary, bonus, and stock options) are like the elements used by many companies. The exact base pay, stock option grant, and bonus amounts are chosen to balance the competing objectives of fairness to all stakeholders and attracting and retaining executive managers.

The Company's Insider Trading Policy prohibits directors, officers and other employees from engaging in the purchase or sale of put or call options, or any other derivative or hedging transaction, in respect of the Company's securities.

**PROPOSAL NO. 2**  
**VOTE TO APPROVE AN AMENDMENT TO THE RESTATED CERTIFICATE OF**  
**INCORPORATION TO INCREASE THE AUTHORIZED NUMBER OF SHARES**  
**OF COMMON STOCK FROM 85,000,000 TO 100,000,000**  
**(ITEM 2 ON THE PROXY CARD)**

**General**

The Board of Directors is proposing for stockholder approval an amendment to the Company's Restated Certificate of Incorporation (the "Charter") to increase the number of authorized shares of common stock, par value \$0.001 per share, from 85,000,000 shares to 100,000,000 shares, subject to the Board of Directors' authority to abandon such amendment. The Board of Directors approved this amendment, subject to stockholder approval, and directed that this amendment be submitted to a vote of the Company's stockholders at the Annual Meeting. The Charter also authorizes the issuance of up to 5,000,000 shares of preferred stock, par value \$0.001 per share, of which no shares are currently outstanding. The proposed amendment will not increase or otherwise affect the Company's authorized shares of preferred stock. The Board believes that it is in the best interests of the Company and its stockholders to increase the number of authorized shares of common stock in order to give the Company greater flexibility in considering and planning for future potential business needs.

**Purpose of the Amendment**

The Charter currently authorizes the issuance of up to 85,000,000 shares of common stock, par value \$0.001 per share. As of the close of business on April 29, 2021, 66,558,550 shares of common stock were issued and outstanding. In addition, as of the close of business on April 29, 2021, there were 4,450,470 shares of common stock issuable upon exercise of outstanding warrants; 1,728,384 shares of common stock issuable upon exercise of outstanding stock options; 122,007 shares of common stock available for issuance under the Company's 2011 Equity Compensation Plan; zero shares of common stock available for issuance under the Company's 2020 Equity Compensation Plan; (or 2,000,000 shares if Proposal 3 is approved at the Annual Meeting) of common stock available for issuance under the Company's 2020 Equity Incentive Plan; and 2,464,644 shares of common stock issuable as deferred compensation to the Company's executive officers and employees.

Therefore, the purpose of this amendment to increase the number of authorized shares of common stock from 85,000,000 to 100,000,000 is to allow the Company to meet its current contractual requirements to issue shares of its common stock and to issue additional shares of common stock for any proper corporate purposes, including but not limited to, public or private financings, stock splits, stock dividends, potential strategic transactions, including mergers, acquisitions, strategic partnerships, joint ventures and other business combinations, as well as for other general corporate transactions.

Other than as described above, the Company has no current plan, commitment, arrangement, understanding or agreement regarding the issuance of the additional shares of common stock resulting from the proposed increase in the number of authorized shares of common stock. The additional shares of common stock will be available for issuance from time to time as determined by the Board of Directors for any proper corporate purposes. Having these additional shares of authorized common stock available for future use will allow the Company to issue additional shares of common stock without the expense and delay of arranging a special meeting of stockholders.

---

### **Possible Effects of the Amendment and Anti-takeover Considerations**

If the amendment to the Charter is approved, the additional authorized shares would be available for issuance at the discretion of the Board and without further stockholder approval. It is not the present intention of the Board of Directors to seek stockholder approval prior to any issuance of shares of common stock that would become authorized by the amendment unless otherwise required by law or regulation. Frequently, opportunities arise that require prompt action, and it is the belief of the Board of Directors that the delay necessitated for stockholder approval of a specific issuance could be to the detriment of the Company and its stockholders. The additional shares of authorized common stock would have the same rights and privileges as the shares of common stock currently issued and outstanding. The adoption of the amendment would not have any immediate dilutive effect on the proportionate voting power or other rights of existing stockholders. Shares of common stock issued in the future (including for the purposes described above in the section entitled "Purpose of Amendment"), other than for a stock split, may decrease existing stockholders' percentage equity ownership and, depending on the price at which they are issued, could have a financially dilutive effect on previously issued shares of common stock and have a negative effect on the market price of the common stock. The Company cannot provide assurances that any such transactions will be consummated on favorable terms or at all, that they will enhance stockholder value or that they will not adversely affect the Company's business or the trading price of our stock. Current stockholders have no preemptive or similar rights.

The Company has not proposed the increase in the number of authorized shares of common stock with the intention of using the additional authorized shares for anti-takeover purposes, but the Company would be able to use the additional shares to oppose a hostile takeover attempt or delay or prevent changes in control or management of the Company. For example, without further stockholder approval, the Board could sell shares of common stock or preferred stock, including preferred stock convertible into shares of common stock, in a private transaction to purchasers who would oppose a takeover or favor the current Board. Although this proposal to increase the authorized number of shares of common stock has been prompted by business and financial considerations, and not by the threat of any known or threatened hostile takeover attempt, stockholders should be aware that approval of this proposal could facilitate future efforts by the Company to oppose changes in control of the Company and perpetuate the Company's management, including transactions in which the stockholders might otherwise receive a premium for their shares over then current market prices.

### **Effective Date**

If the Company's stockholders approve the increase in the number of authorized shares of common stock to 100,000,000 shares, we have to file a Certificate of Amendment to the Charter with the Delaware Secretary of State in order for the amendment to become effective. If we obtain stockholder approval of this proposal, we intend to file the Certificate of Amendment as soon as practicable. Our Board of Directors reserves the right, notwithstanding stockholder approval of the amendment and without further action by our stockholders, not to proceed with the amendment at any time before the filing of the Certificate of Amendment.

Regarding the authorized capital structure of the Company, the first sentence of Article Fourth of the Charter currently reads as follows:

"The total number of shares which this corporation shall have authority to issue is 90,000,000 shares, consisting of (i) 85,000,000 shares of common stock, \$.001 par value per share (the "Common Stock") and (ii) 5,000,000 shares of preferred stock, \$.001 par value per share (the "Preferred Stock")."

The Company's Board of Directors has approved the following amendment to Article Fourth, subject to approval of such amendment by the stockholders of the Company at the Annual Meeting, as specified below:

The first sentence of Article Fourth is to be deleted in its entirety and be replaced by the following sentence:

"The total number of shares which this corporation shall have authority to issue is 105,000,000 shares, consisting of (i) 100,000,000 shares of common stock, \$.001 par value per share (the "Common Stock") and (ii) 5,000,000 shares of preferred stock, \$.001 par value per share (the "Preferred Stock")."

---

**Dissenters' Rights**

Neither Delaware law, the Company's Charter, nor the Company's Bylaws provides for appraisal or other similar rights for dissenting stockholders in connection with this proposal. Accordingly, the Company's stockholders will have no right to dissent and obtain payment for their shares.

**Vote Required and Recommendation**

On this matter, the affirmative vote of the holders of a majority of the Company's outstanding shares of common stock is required to approve this Proposal No. 2.

**PROPOSAL 3**  
**APPROVAL TO INCREASE THE NUMBER OF SHARES OF COMMON STOCK**  
**ISSUABLE UNDER THE COMPANY'S 2020 EQUITY INCENTIVE PLAN FROM**  
**2,000,000 to 4,000,000 SHARES**  
**(ITEM 3 ON THE PROXY CARD)**

The stockholders of Milestone Scientific approved the 2020 Equity Incentive Plan at the 2020 Annual Meeting in December 2020, which provided for the grant to our employees, directors and consultants of incentive and non-qualified stock options and shares of restricted stock up to an aggregate of 2,000,000 shares of Common Stock. The Board has approved (subject to stockholder approval) an increase the aggregate number of shares issuable under the 2020 Plan from 2,000,000 shares to 4,000,000 shares.

**Summary of the 2020 Equity Compensation Plan**

Below is a summary of the key terms of Company's 2020 Equity Incentive Plan (the "2020 Plan").

*Purpose.* The purpose of the 2020 Plan is to provide incentives to employees, directors and consultants whose performance will contribute to our long-term success and growth, to strengthen the Company's ability to attract and retain employees, directors and consultants of high competence, to increase the identity of interests of such people with those of its stockholders and to help build loyalty to Milestone through recognition and the opportunity for stock ownership.

*Types of Awards.* The 2020 Plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), non-qualified stock options and restricted stock awards.

*Administration.* The 2020 Plan will be administered by the Compensation Committee of the Board of Directors (the "Committee"), which may in turn delegate administrative authority to one or more of our executive officers.

*Stock Reserved Under the Stock Plan.* The aggregate number of shares of common stock that may be issued pursuant to equity awards granted under the 2020 Plan may not exceed 2,000,000 shares (or 4,000,000 shares if this Proposal is approved at the Annual Meeting). If any outstanding award granted under the 2020 Plan should for any reason expire, be cancelled or be forfeited without having been exercised in full, the shares of Common Stock allocable to the unexercised, cancelled or terminated portion of such award shall become available for subsequent grants of awards under the 2020 Plan.

*Eligibility.* Incentive stock options may be granted only to employees of the Company, or a "subsidiary corporation" (as such term is defined in Section 424(f) of the Code) of the Company. Equity awards other than incentive stock options may be granted to employees, directors, and consultants.

*Stock Options.* Each stock option granted under the 2020 Plan shall be evidenced by a written stock option agreement between the optionee and the Company and shall be subject to the following conditions:

Term. An option may not be exercisable after the expiration of 10 years from the date of its grant or, at the discretion of the Committee, such shorter period specified in the award agreement. A person holding stock possessing more than 10% of the total combined voting power of all classes of stock of the Company (a "10% Shareholder") may not be granted an incentive stock option unless the option is not exercisable after the expiration of 5 years from the date of grant.

Exercise Price. The exercise price of an option must not be less than 100% of the fair market value of the Company's common stock on the date of grant. A 10% Shareholder may not be granted an incentive stock option unless the exercise price of such option is at least 110% of the fair market value of the Company's common stock on the date of grant.

---

Exercise of the Option. Each stock option agreement will specify the term of the option and the date when the option is to become exercisable. The terms of such vesting are determined at the time of grant by the Committee. The 2020 Plan permits the Committee to accelerate the vesting of options at any time. An option is exercised by giving written notice of exercise and by tendering full payment of the exercise price.

Termination of Employment. In the event of termination of employment, the option may be exercised as provided in the stock option agreement for a period after the end of employment. In certain circumstances, such as death or disability, the 2020 Plan specifies an exercise after the termination of employment.

Assignability. Except as otherwise determined by the Committee, options granted under the 2020 Plan shall not be transferable otherwise than by will or by the laws of descent and distribution, and options may be exercised or otherwise realized, during the lifetime of the holder, only by the holder or by his or her guardian or legal representative.

*Restricted Stock Awards.* The 2020 Plan provides that the Board may award grants of restricted stock on terms that it may determine, subject to such terms and conditions, consistent with the other provisions of the 2020 Plan. A restricted stock award may be awarded in consideration for past or future services actually or to be rendered to the Company. Shares of common stock awarded under a restricted stock award agreement may be subject to forfeiture to the Company in accordance with a vesting schedule to be determined by the Board.

*Adjustment upon Changes in Capitalization.* In the event of any extraordinary dividend, stock dividend, recapitalization, merger, consolidation, stock split, warrant or rights issuance, or combination or exchange of such shares, or other similar transactions, each of the number of shares of Common Stock available for awards, the number of such shares covered by outstanding awards, and the price per share of options, as appropriate, shall be equitably adjusted by the Committee to reflect such event and preserve the value of such awards.

*Change in Control.* Upon the occurrence of a Change in Control (as that term is defined in the 2020 Plan), each option then outstanding, but not yet exercisable, shall thereupon become fully exercisable.

*Amendment or Termination of the 2020 Plan.* The Board of Directors may, at any time, suspend, terminate, modify or amend the 2020 Plan; provided, however, that, unless otherwise determined by the Board, an amendment that requires stockholder approval in order for the 2020 Plan to continue to comply with Rule 16b-3, Section 162(m) of the Code or any other law, regulation or stock exchange requirement shall not be effective unless approved by the requisite vote of stockholders. No such suspension, termination, modification, or amendment of the 2020 Plan may adversely affect any award previously granted, unless the written consent of the holder is obtained.

*Federal Income Tax Consequences.* We believe that under current law the following U.S. Federal income tax consequences generally would arise with respect to option awards under the 2020 Plan.

Non-qualified Stock Options. The grant of non-qualified stock options will have no immediate tax consequences to the Company or the grantee. The exercise of a non-qualified stock option will require a grantee to include in his or her gross income the amount by which the fair market value of the acquired shares on the exercise date (or the date on which any substantial risk of forfeiture lapses) exceeds the option price. Upon a subsequent sale or taxable exchange of the shares acquired upon exercise of a non-qualified stock option, a grantee will recognize long or short-term capital gain or loss equal to the difference between the amount realized on the sale and the tax basis of such shares. Milestone will be entitled (provided applicable withholding requirements are met) to a deduction for Federal income tax purposes at the same time and in the same amount as the employee is in receipt of income in connection with the exercise of a non-qualified stock option.

---

Incentive Stock Options. The grant of an incentive stock option will have no immediate tax consequences to Milestone or its employee. If the employee exercises an incentive stock option and does not dispose of the acquired shares within two years after the grant of the incentive stock option nor within one year after the date of the transfer of such shares to him or her (a "disqualifying disposition"), he or she will realize no compensation income and any gain or loss that he or she realizes on a subsequent disposition of such shares will be treated as a long-term capital gain or loss. For purposes of calculating the employee's alternative minimum taxable income, however, the option will be taxed as if it were a non-qualified stock option.

#### **New Plan Benefits Under the 2020 Plan**

Future awards under the 2020 Plan will be granted in the discretion of the Compensation Committee. The type, number, recipients, and other terms of such future awards cannot be determined at this time. Information regarding our recent practices with respect to annual incentive awards and stock-based compensation under existing plans is presented in the "Executive Compensation" and "Outstanding Equity Awards at December 31, 2020" elsewhere in this Proxy Statement and in our financial statements for the fiscal year ended December 31, 2020 included in the Annual Report which accompanies this Proxy Statement

#### **Vote Required and Recommendation of the Board**

The affirmative vote of at least a majority of the votes cast at the Annual Meeting is required to approve this Proposal No.3.

**THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE "FOR" THE RESOLUTION ABOVE APPROVING AN INCREASE IN THE NUMBER OF SHARES OF COMMON STOCK ISSUABLE UNDER THE COMPANY'S 2020 EQUITY INCENTIVE PLAN FROM 2,000,000 TO 4,000,000 SHARES.**

**PROPOSAL 4**  
**RATIFICATION OF THE APPOINTMENT OF INDEPENDENT AUDITORS**  
**(ITEM 4 ON THE PROXY CARD)**

Friedman LLP has been our independent auditor since July 2016. Their audit report appears in the Annual Report. A representative of Friedman LLP will be at the Annual Meeting and will have an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

Selection of the independent accountants is not required to be submitted to a vote of our stockholders for ratification. In addition, the Sarbanes-Oxley Act of 2002 requires the Audit Committee to be directly responsible for the appointment, compensation, and oversight of the audit work of the independent auditors. The Audit Committee expects to appoint Friedman LLP to serve as independent auditors to conduct an audit of Milestone Scientific's accounts for the 2021 fiscal year. However, the Board is submitting this matter to Milestone Scientific's stockholders as a matter of good corporate practice. If the stockholders fail to vote on an advisory basis in favor of the selection, the Audit Committee will take that into consideration when deciding whether to retain Friedman LLP and may retain that firm or another without re-submitting the matter to the stockholders. Even if stockholders vote on an advisory basis in favor of the appointment, the Audit Committee may, in its discretion, direct the appointment of different independent auditors at any time during the year if it determines that such a change would be in the best interests of Milestone Scientific and the stockholders.

**Vote Required and Recommendation of the Board**

The affirmative vote of at least a majority of the votes cast at the Annual Meeting is required to approve this Proposal No. 4.

**THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS**  
**VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF THE INDEPENDENT**  
**AUDITORS.**

**Audit Fees and Audit Related**

Milestone Scientific incurred audit and financial statement review fees of approximately \$330,000 and \$302,000, respectively from Friedman LLP, its principal accountant for 2020 and 2019. These fees include fees for professional services rendered for the audit of our annual financial statements and the review of financial statements included in our reports on Form 10-Q or services that are normally provided in connection with statutory and regulatory filings and fees related to registration statements.

**Tax Fees**

Milestone Scientific incurred tax fees of approximately \$34,000 and \$36,000 respectively from Friedman LLP for 2020 and 2019.

**All Other Fees**

Milestone Scientific did not incur other accounting fees from Friedman LLP in either 2020 or 2019.

**Audit Committee Pre-Approval Policies and Procedures**

The Audit Committee charter provides that the Audit Committee will pre-approve audit services and non-audit services to be provided by the independent auditors before the accountant is engaged to render these services. The Audit Committee may consult with management in the decision-making process but may not delegate this authority to management. The Audit Committee may delegate its authority to preapprove services to one or more committee members, provided that the designees present the pre-approvals to the full committee at the next committee meeting. All audit and non-audit services performed by the independent accountants have been pre-approved by the Audit Committee to assure that such services do not impair the auditors' independence from us.

---

## **AUDIT COMMITTEE REPORT**

The Audit Committee's purpose is to assist the Board in its oversight of (i) the integrity of our financial statements, (ii) our compliance with legal and regulatory requirements, (iii) our independent auditors' qualifications and independence, and (iv) the performance of our internal audit function and independent auditors to decide whether to appoint, retain or terminate our independent auditors, and to pre-approve all audit, audit-related and other services, if any, to be provided by the independent auditors; and to prepare this Report.

Management is responsible for the preparation, presentation and integrity of our financial statements, accounting and financial reporting principles and the establishment and effectiveness of internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for performing an independent audit of the financial statements in accordance with generally accepted auditing standards. The independent auditors have free access to the Audit Committee to discuss any matters they deem appropriate.

The Audit Committee reviewed our audited financial statements for the year ended December 31, 2020 and met with management to discuss such audited financial statements. The Audit Committee has discussed with our independent accountants, Friedman LLP, the matters required to be discussed by the Statement on Auditing Standards No. 16, as adopted by the Public Company Accounting Oversight Board. The Audit Committee has received the written disclosures and the letter from Friedman LLP required by the Independence Standards Board Standard No. 1, as may be modified or supplemented. The Audit Committee has discussed with Friedman LLP its independence from Milestone Scientific and its management. Friedman LLP had full and free access to the Audit Committee. Based on its review and discussions, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report.

## ADDITIONAL INFORMATION

### Householding

The SEC's rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as "householding," potentially provides extra convenience for stockholders and cost savings for companies. Some brokers household proxy materials and annual reports, delivering a single proxy statement and annual report to multiple stockholders sharing an address, although each stockholder will receive a separate proxy card. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If at any time you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report, please notify your broker. If you would like to receive a separate copy of this year's Proxy Statement or Annual Report, please address your request for delivery of the Proxy Statement and/or Annual Report to Corporate Secretary, Milestone Scientific Inc., 425 Eagle Rock Avenue, Suite 403 Roseland, New Jersey 07068.

### Requirements, Including Deadlines, for Submission of Proxy Proposals, Nomination of Directors and Other Business of Stockholders

Stockholders interested in presenting a proposal or nominating a person for election as a director for consideration at the annual meeting of stockholders in 2022 (the "2022 Meeting") must follow the procedures found in Rule 14a-8 under the Exchange Act. To be eligible for inclusion in the Company's proxy materials for the 2022 Meeting, the stockholder must give the Company written notice of the proposal and/or director nominee which must be received by our Corporate Secretary no later than December 31, 2021. A stockholder who wishes to make a proposal at the next annual meeting of stockholders without including the proposal in our proxy statement must notify us not less than thirty (30) days and not more than sixty (60) days prior to the scheduled annual meeting, regardless of any postponements, deferrals or adjournments of that meeting to a later date; provided, however, that if less than forty (40) days' notice or prior public disclosure of the date of the scheduled annual meeting is given or made, notice by the stockholder, to be timely, must be so delivered or received not later than the close of business on the tenth (10th) day following the earlier of the day on which such notice of the date of the scheduled annual meeting was mailed or the day on which such public disclosure was made. If a stockholder fails to give notice by this date, then the persons named as proxies in the proxies solicited by us for the next annual meeting of stockholders will have discretionary authority to vote on the proposal. Stockholder proposals should be addressed to the Corporate Secretary, Milestone Scientific Inc., 425 Eagle Rock Avenue, Suite 403 Roseland, New Jersey 07068.

EVERY STOCKHOLDER, WHETHER OR NOT HE OR SHE EXPECTS TO ATTEND THE ANNUAL MEETING IN PERSON, IS URGED TO EXECUTE THE PROXY AND RETURN IT PROMPTLY IN THE ENCLOSED BUSINESS REPLY ENVELOPE.
